

**IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**  
**Monitoring Reporting Requirements Not Met for**  
**CITY OF WELCH WV3302421**

Our water system violated drinking water monitoring requirements. Even though these were not emergencies, you, as our customers, have a right to know what happened and what we did to correct the situation.

*We are required to monitor your drinking water on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During periods listed in the table below, we did not monitor or test as required and therefore cannot be sure of the quality of our drinking water during that time.*

**What should I do?**

At this time, there is nothing you need to do.

The table below lists the monitoring we did not conduct, other violations, and the associated compliance period.

Monitoring Violation	Year-Fed Report #	Monitoring Frequency	Compliance Period
27, MONITORING, ROUTINE, MAJOR, CHLORINE Failure to Report Required Chlorine Residual With a Coliform Sample Result	2024 – 110459	MONTHLY	JUN 2024
3A, MONITORING, ROUTINE, MAJOR (RTCR) Valid Compliance Total Coliform Sample(s) Not Reported	2024 – 110460 2024 – 110458	MONTHLY	JUL 2024 JUN 2024

**What happened? What is being done? (Describe corrective action)**

The samples were sent in but the paperwork wasn't filled out completely. There is nothing that needs to be done at this time.
